Election Under Restriction Requirement

Sir:

In response to the Restriction Requirement dated December 17, 2004, please re-examine and reconsider the application in view of this election and the appended remarks.

Election

The Examiner has required restriction under 35 U.S.C. § 121 to one of the following groups of claims:

Group I: Claims 43-56 drawn to a power source configured for being mounted to a fluorescent light.

Group II: Claims 1-42 drawn to a wireless network component configured for being mounted to a fluorescent light.

the search and examination of the entire application cannot be made without serious burden. *See* M.P.E.P. § 803. In the present case, the Examiner has not shown that it would be a serious burden to search and examine all of the groups together. Although, applicant agrees that two distinct inventions are claimed in the present application, applicant respectfully submits that the Examiner would not be seriously burdened to consider all of the claims in a single application. Applicant therefore requests that the restriction requirement be reconsidered.

However, in order to be responsive to the restriction requirement, applicant has elected, with traverse, the claims of Group II to be examined in the present application. The Examiner is respectfully requested to reconsider the restriction requirement and act on all of the claims in the present application. In the event that the Examiner does not withdraw the restriction requirement, Applicant reserves the right to file a petition and/or to file a divisional application directed to the claims of Group I at a later date.

Conclusion

The foregoing is submitted as a full and complete response to the Restriction Requirement dated December 17, 2004. No fee is believed due. However, the Commissioner is hereby authorized to charge any fees which may be required, or credit any overpayment to Deposit Account No. 11-0980. If there are any other issues that can be resolved by telephone conference, or that there are any formalities that can be corrected by an examiner's amendment, the Examiner is invited to contact the undersigned at (404) 572-3542.

Respectfully submitted,
